

Michigan Offices and Branch Offices

Brokers have specific legal requirements for main offices and branch offices (Occupational Code, section 339.22323).

Main Offices

All Michigan-licensed brokers must maintain a place of business in the state of Michigan. Branch offices are possible.

Display of Licenses

A broker must display all licenses issued to him or her in a conspicuous position in his or her place of business (section 339.22327).

Branch Offices

A branch office is any location that, through the use of signs and advertising, is held out to the public as a place of business. The broker must maintain a branch office license for each additional branch. If the branch is located more than 25 miles from the city boundary where the main office is located, then the branch needs to be supervised by an associate broker (section 339.2505).
